

## Vision for a Better Future: Innovation for Sustainable Growth in China

**HONG KONG • SHENZHEN • HENAN**

**11 - 18 June 2017**

Dragon 100 (龍匯100), one of The Dragon Foundation's flagship programmes, annually gathers 100 outstanding ethnic Chinese young leaders from around the world at Hong Kong and the Greater China to learn about their shared heritage and culture while forging networks and generating synergy. This year's Dragon 100 will explore innovative solutions to tackle sustainable economic and social development issues. As the world's second largest economy, China is playing an increasingly important and influential role towards sustainable development. China is part of the global leadership in promoting the "2030 Agenda for Sustainable Development" of the United Nations. The Dragon 100 Delegates will discuss innovation and sustainability related issues as they establish friendships and networks with other passionate youth leaders, both in Hong Kong and on the Mainland.

### Programme Highlights

- Participate in Ceremony and Plenary Sessions addressed by distinguished speakers
- Attending the 2-day "Global Youth Entrepreneurs Forum" in Hong Kong and Shenzhen, and learning from international innovators and entrepreneurs
- Networking with young professionals, experts and innovators from various industries
- Visiting sites of infrastructure and innovation & technology projects
- Meeting with government officials
- Sharing with university students and young innovators
- Joining visits to places of cultural and historical interest
- Participating in cultural and social activities
